

TRAVELER SEGMENTATION: FREQUENCY VS. ACTIVITY GAP

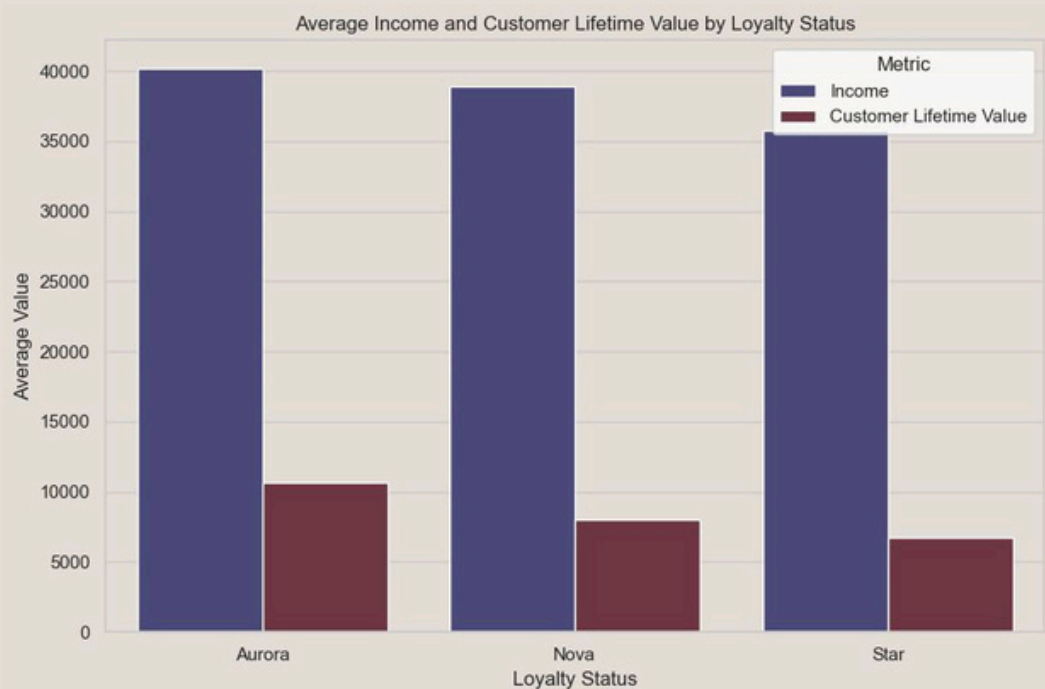

The plot reveals a strong negative link between travel frequency and the time between trips, clearly separating customers into four main travel behavior groups.

TOTAL FLIGHTS PER MONTH ACROSS YEARS

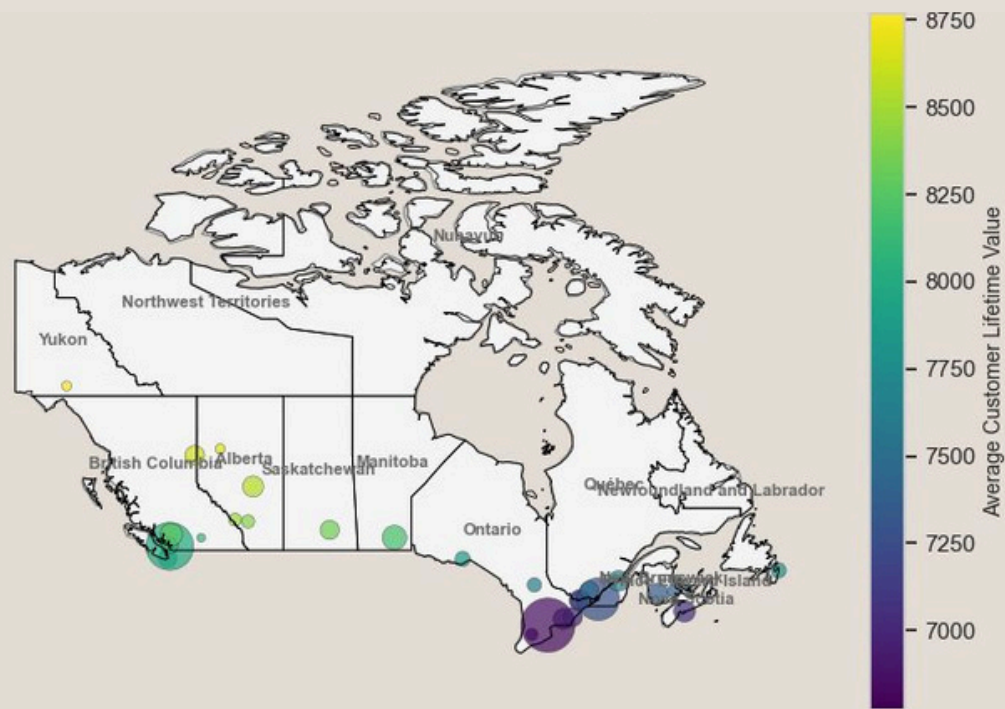

Flights showed clear summer and holiday seasonality, with the overall trend indicating a sharp increase in volume in 2021, suggesting business expansion.

AVERAGE CUSTOMER LIFE VALUE BY LOYALTY STATUS

While average income is similar across all loyalty statuses, the Aurora status clearly generates the highest Customer Lifetime Value, followed by Nova and then Star.

GEOGRAPHIC DISTRIBUTION OF CUSTOMER VALUE IN CANADA

Highest Customer Lifetime Value is concentrated in the Western provinces, while the largest customer volume is in Ontario.
